INDEPENDENT AUDITORS' REPORT

To the Member
Anchin Capital Advisors, LLC
New York, New York

We have audited the accompanying statement of financial condition of Anchin Capital Advisors, LLC (the Company) as of September 30, 2012. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Anchin Capital Advisors, LLC at September 30, 2012 in conformity with accounting principles generally accepted in the United States of America.

Total Liabilities and Member's Equity	<u>\$ 1,183,744</u>

The accompanying notes are an integral part of these financial statements.

ANCHIN CAPITAL ADVISORS LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS:

Anchin Capital Advisors LLC (the "Company") was organized in New York on April 23, 2003, as a limited liability company. The Company is a wholly owned subsidiary of ABA Platinum Group, LLC (the "Parent") which is wholly owned by Anchin Block & Anchin LLP ("ABA"). Its officers, personnel and other support are provided by the Parent and ABA.

The Company is a registered broker with the Securities and Exchange Commission (SEC) and became a member of the Financial Industry Regulatory Authority (FINRA) on February 17, 2004. The Company offers services including private investment banking services, merger and acquisition services, financial forecasts and projections, strategic planning, market research and financing alternatives. The Company will also make referrals to other FINRA member firms for the sale of certain securities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Company recognizes revenue for services rendered based on the terms of the agreements with each client. Revenue for projects are recorded when the project is completed. When applicable, revenue for time and expenses are recorded when billed. Success fees are recorded at the time the transaction is closed and when income is reasonably determinable.

The Company keeps its books and prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

The Company performs ongoing credit evaluations of its customers' financial condition and extends credit to its customers on an uncollateralized basis. The Company maintains allowances for potential credit losses which, when sustained, have been within management's estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The preparation of financial statements in conformity with GAAP may require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

ANCHIN CAPITAL ADVISORS LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Company's financial instruments consist primarily of cash and receivables, accounts payable and accrued liabilities. The Company believes all of the financial instruments are recorded at values which approximate fair values due to the short-term nature of these instruments.

NOTE 3 - VALUATION OF INVESTMENTS AND FAIR VALUE MEASUREMENTS

The Company utilizes various methods to measure the fair value of most of its investments on a recurring basis. GAAP establishes a hierarchy that prioritizes the inputs to valuation methods. The three levels of input are:

- Level 1 Unadjusted quoted prices available in active markets that the Company has the ability to access for identical assets or liabilities.
- Level 2 Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available representing the Company's own assumptions about the assumptions a market participant would use in valuing the asset or liability, based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

ANCHIN CAPITAL ADVISORS LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE 3 - SECURITIES VALUATION AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a reconciliation of assets for which level 3 inputs were used in determining value for the year ended September 30, 2012

	Beginning Balance, October 1, 2011	Total Gain or Losses (Realized and Unrealized)	Purchases	Sales	Transfers Into Level 3	Transfers Out of Level 3	Ending Balance, September 30, 2012
Non-Public Investment technology	\$ 50,000	\$ (50,000)	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0

These securities were acquired in prior year by the company in exchange for services rendered and have been measured at fair value using level 3 inputs.

NOTE 4 - INCOME TAXES:

For tax purposes, the Company is treated as a disregarded entity because it is a wholly owned limited liability company. Thus the assets, liabilities and items of deduction and credit are treated as those of the Parent.

NOTE 5 - ACCOUNTS PAYABLE AND ACCRUED EXPENSES:

At September 30, 2012, accounts payable and accrued expenses consisted primarily of \$789,115 for direct costs payable to ABA (see Note 6), and \$13,468 for other operating expenses.

NOTE 6 - RELATED PARTY TRANSACTIONS:

The Company entered into an agreement with the Parent on January 1, 2004, whereby the Parent would pay on behalf of the Company primarily all of the overhead and administrative expenses. The Parent charges the Company for its share of these expenses. For the year ended September 30, 2012, the Company's share of the administrative service charges, occupancy, computer and office expenses amounted to \$329,400. In addition, ABA provides personnel for specific engagements entered into by the Company with its clients. The personnel costs related to these engagements are billed to the Company by ABA at the time these services are rendered and are payable to ABA at that time. For the year ended September 30, 2012, these costs amounted to \$573,917, which is included in \$798,115 (See Note 5) remained unpaid to ABA at September 30, 2012, and are included in the Company's liabilities at that date.

ANCHIN CAPITAL ADVISORS LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE 7 - CONCENTRATIONS:

The Company maintains cash balances in a bank account which, at times, may exceed federally insured limits. The Company has not experienced any losses in this account and believes it is not subject to any significant credit risk.

During the year ended September 30, 2012 the Company provided services to three customers comprising 78%, 17 % and 2% of total revenues. As of September 30, 2012, receivables from two customers comprised 50% and 21% of total accounts receivable.

NOTE 8 - NET CAPITAL REQUIREMENTS:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change from day to day. At September 30, 2012, the Company had net capital of \$304,634 which was \$251,129 in excess of its required minimum net capital of \$53,506. The Company's ratio of aggregate indebtedness to net capital was 2.6 to 1.

NOTE 9 - SUBSEQUENT EVENTS:

For disclosure purposes in the financial statements, the Company has evaluated subsequent events through November 15, 2012, the date the financial statements were available to be issued.
